About University

University Overview

Dr. A.P.J. Abdul Kalam Technical University was established to promote quality technical education and research in Uttar Pradesh. The university focuses on outcome-based education, industry integration, and skill-oriented learning to prepare students for national and global opportunities.

AKTU affiliates engineering, management, pharmacy, architecture, and professional colleges throughout the state and maintains standardized academic and examination systems.

Vision

To facilitate and promote studies, research, and extension work in emerging areas of professional and technical education for the development of globally competent professionals.

Mission

- To provide quality technical and professional education.
 - To promote innovation, research, and entrepreneurship.
 - To develop ethically strong and socially responsible professionals.
 - To enhance employability through industry-aligned curriculum.
 - To support inclusive education for diverse student communities.
-

Recognition and Approvals

- Recognized by University Grants Commission (UGC)
- Approved by All India Council for Technical Education (AICTE)
- Member of Association of Indian Universities (AIU)
- NAAC/NBA accredited programs (where applicable)

Degrees awarded by AKTU are valid across India and internationally.
